**857907 & 857909 Braille Talking Watch**  
**Setting Instructions**

Note: Watch may arrive in sleep mode. To awaken the watch, hold the top right (2 o'clock) button for 5 seconds to awaken the talking function of this watch from sleep mode. You can place this watch back in sleep mode by holding in the Hold the same top right, 2 o'clock, button for 5 seconds to enter sleep mode.

To set current time on the face of the watch, there may be a U shaped piece of plastic that needs to be removed in order to push the crown/stem in once the face as been set by turning the crown/stem. Turn the crown/stem to set hour and minute hands to desired time. When you check the time on the face of the watch, there is a button on the bottom right side of the watch face which you press to pop open the face crystal to access the hands. You can then touch the watch hands lightly feel the time tactually. (Do not push the watch hands manually with your fingers.)

**Time and Date Announcement**

Press top right (2 o'clock) button once, to hear time the time. Press the top right (2 o'clock button) a second time to hear the date.
